

NITTE MEENAKSHI INSTITUTE OF TECHNOLOGY

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Weekly Project Progress Report (Week No. 1)

Project Team Number: : 38

Date: From (Monday): 13/09/2021 To (Saturday): 18/09/2021

Title of the project:

Direction Finding in Airborne Electronic Warfare Systems

Progress for the week:

- 1) Team collaborated efforts to survey scientific papers (7) relevant to the project from IEEE/Springer/Elsevier
- 2) Found relevant books to read up on basic concepts in signal processing and radar signals
- 3) Performed basic coding experiments in MATLAB to enhance understanding of the concepts in Signal Processing
- 4) Met virtually with a scientist at DRDO to discuss and understand the proceedings of the project
- 5) Met virtually with the internal guide to understand the proceedings of the Phase 1 project presentation

Guide's Remarks:

1.

2.

Grade's Evaluation: (Please Tick)

SL NO	Name	Signature of Students		Outstanding	Good	Fair	Not Satisfactory
1	Spandana I Shekar		Performance:				
			Attendance/Regularity:				
2	Nikita Sharma		Performance:				
			Attendance/Regularity:				
3	Rose Cherian		Performance:				
			Attendance/Regularity:				
4	Khushi Ranganatha		Performance:				
			Attendance/Regularity:
